Intrigue - surrounding me
Intrigue - surrounding you
I was only looking for a bit of harmony and grace,
I swear I only meant it in good faith.
In league - enfolding you
Fatigue - I feel it, too.
I guess I never thought I had a thing or two to lose,
I never thought I'd end up as good news.
Believe in what you hear.
Concede to what you fear.
And if you think that I have so much love to go to waste,
Cut out the running home, make the pace.
Intrigue - surrounding me - you
Intrigue - surrounding you - me

I was only looking for a bit of harmony and grace,
I swear I only meant it in good faith.
And if you think that I have so much love to go to waste,
Cut out the running home, make the pace.
