Oh, don't sell me out, only love.
You don't get it so well.

Please tell someone
Everything is gone
Dream less of me, less to guess on you
I felt so much
Every tick and tussle
Heart torn because it's a kissin time.

So pass on by
You'll never find out
I love someone else
Find your God
You'll find yourself
But, he falls
I'm confessing to you
Just my guess
It's a kissin time.

He can't pass on you
Oh no, I see far right through you.

Please understand my kissin song
Think for yourself,
It's a lesson, guess it's kissin time.
Heart torn because
Parts of me I'd sell myself
Oh, just in time I'm assessing myself.

Someone told me
Keep on hold me
Don't let go until I reach the other side.

Your time will come
Your time will come again
Your time will come
Your time will come again
Your time will come
Your time will come again
Your time will come
Your time will come again

Your time will come
Your time will come again
Your time will come
Your time will come again

Someone told me keep on hold me
Don't let go until I reach the other side.

Your time will come
Your time will come
Your time will come
Your time will come

Time
Time
Time
