"Love In The Afternoon"

It's gettin' dark outside
Daytime is done
The lights along the river come up
One by one
Let's make love again
We got time
I am yours
You are mine

It's getting dark outside
I have to go
Don't want my husband
Or my friends to know
Zip up my dress
I can't find my shoes
Don't fall in love with me
Too much to lose

The kids are home by now
Have to think fast
I really think this afternoon
Must be the last
Don't say anything
Don't turn on the light
Thanks for lovin' me
Call you tonight
