Over here I'll damage them
Before they damage me.
Over here commit them all
They'll never be believed.

No right for justice
No right for peace.
No right for justice
No right for peace.

Over here, we're standing clear
My voice gives me away.
Over here, we're running wild
Whatever games we play.

No time for justice
No time for peace.
No time for justice
No time for peace.

Get a message out for me
I'll tell them all they want to know.
If I can just be free.
I'll leave this place, go far away,
They'll never hear from me again.
I'll cause no trouble, feel no pain.

Over here it's hide and seek
Get on the midnight train.
Over here they'll lock you up
And call you filthy names.

No right for justice
No right for peace.
No right for justice
No right for peace.

No time for justice
No time for peace.

No time for justice
No time for peace.

Over here

Over here
No time for justice
Over here
No time for peace

Over here
No time for justice
Over here
No time for peace

Over here
No time for justice
Over here
No time for peace

Over here
No time for justice
Over here
No time for peace

Over here
No time for justice
Over here
No time for peace

Over here
No time for justice
Over here
No time for peace

Over here.
