To the left to right
like a soldier I'm stepping in time
no control, stay behind
scared to play just watching from the side lines

looking in the mirror
visions getting clearer
Should have told myself along time ago
At the end of the road

[Chorus]
Marching through life
like a fool on parade
Staying in line, always being afraid
Pur rump pa pum pum
That's the beat of my drum
Telling me to change
Time to open to my eyes, 'cause I'm going blind
like a fool on parade

See my face in crowd when did I forget what I was
about?
So insecure is what they made me oh
Now I know they can't break me no

looking in the mirror
Visions getting clearer
Should have trusted myself

Long time ago
Time to pick a new road

[Chorus]

Let the beat of your heart guide you
Don't be clown 'cause they're laughing at you
Don't follow them down, when you know they're wrong
Be strong, be strong
Pull the blinds away from your eyes now
Walking on your own direction
and don't turn around, don't turn around

[Chorus]

Marching through life

like a fool on parade

Staying in line, always being afraid (no more)

Pur rump pa pum pum

That's the beat of my drum

Telling me to change (time for me to change)

Time to open to my eyes (cause I'm going blind)

Like a fool on parade

No more being in fool's parade [x3]
