I can't take it slow my heart is too fast for my feet
I have the right idea but the execution is a little weak
And I will tell you this, when I should be saying no
I will confess I have no self-control
I'm almost gone

Lost at sea there's a light in the distance
Under the surface, Pulling me in
Before I know I'm already under
Always find I'm in too deep

Save me, I'm going overboard, ohh
Catch me, your what I'm falling for, ohh
Stop me before my emotions surround me
I hit the bottom keep me from drowning
Save me, I'm going overboard, overboard, overboard

Here I go once again getting carried away
I can't help it my heart won't stay in its place, its
place
Situations out of hand always caught with a man
Tell me why I can't go according to the plan

I'm already gone

Lost at sea there's a light in the distance
Under the surface, Pulling me in
Before I know I'm already under
Always to find I'm in too deep

Save me, I'm going overboard, ohh
Catch me, your what I'm falling for, ohh
Stop me before my emotions surround me
I hit the bottom keep me from drowning
Save me, I'm going overboard, overboard, overboard

I'm right on the edge someone stop (Overboard)
Is anyone out there watching (Overboard)
don't let me fall to heartbreak,
I'm here in need come rescue me

Save me, I'm going overboard, ohh

Catch me, your what IÂ'm falling for, ohh
Stop me before my emotions surround me
I hit the bottom keep me from drowning
Save me, IÂ'm going overboard, overboard,
overboard, overboard.
