Pink suitcase  
And a princess gown  
A movie star in my home town  
She said she came back home so she can breathe  
She take her pills  
And sings her songs  
With a broken delivery all night long  
The life she had to live was tragedy

Daddy worked for Jesus  
Sister leads the Pain  
Bobbys out of rehab  
And lizzys coming in  
Mothers medicated  
Nothings what it seems  
Suddenly she finds out the American dream

She woke up late in the afternoon  
She smiled at me said I'll be there soon  
Why don't you pack your things and come with me  
She take her pills  
And sings her songs  
With a broken delivery all night long  
Hollywood was made for you and me

Daddy worked for Jesus  
Sister leads the Pain  
Bobbys out of rehab  
And lizzys coming in  
Mothers medicated  
Nothings what it seems  
Suddenly you find out the American dream

Now the stars don't shine in Hollywood
