Took you away from your world
Guess you thought it was on my dear
I can't believe what you said
Stand in line when you come to me
Fuck you, I don't give a damn what you sold me
Was God on fire
Why can't you see it was trust that was killed in this
song tonight

I don't want to be alone
I can find somebody new
I don't need you to go on
This is my religion

Take me for all that you can
Play the game that you started here

Don't think I don't know the ways and the reasons
You stand with me
Fuck you, I don't give a damn what you sold me
Was God on fire
Why can't you'd see it was trust that was killed in this
song tonight

I don't want to be alone
I can find somebody new
I don't need you to go on
This is my religion

I don't want to be alone
I can find somebody new
I don't need you to go on
This is my religion
