"Just Got Wicked"

I can taste your innocence
Young and sweet like mother made you
Everything froze in to ask
These motherfuckers just got wicked

Well, I can't explain this little man
Taken over
Can't explain the way that I feel
Well, I can't explain this little man
Taken over
Can't explain the way that I feel

Everyone got twisted up
Well, everyone got behind my back and broke it
'Cause it's my world
Everyone got twisted up
Well, all your friends got behind my back and broke it
'Cause it's my world

Well, everyone got twisted up
Well, everyone got behind my back and broke it
'Cause it's my world
Everyone got twisted up
Well, everyone got behind my back and broke it
'Cause it's my world

One, two, three here I come with the wicked

Well, I can't explain this little man
Taken over
Can't explain the way that I feel
Well, I can't explain this little man
Taken over
Can't explain the way that I feel

You are the love I never feel
You are the love I never feel

Well, I can't explain this little man
Taken over
Can't explain the way that I feel
Well, I can't explain this little man

Taken over
Can't explain the way that I feel

Well, I can't explain the way that I
Well, I can't explain the way that I
Well, I can't explain the way that I feel
