Took you away from your world
guess you thought it was on my dear
I cant believe what you said,
stand in line when you come to me
Fuck you
I don't give a damn
what you sold me was God on fire
why cant you see
it was trust that was killed
in this song tonight

Chorus:

I dont want to be alone
I can find somebody new
I dont need you to go on
this is my religion

take me for all that you can,
play the game that you started here
dont think i don't know
the ways and the reasons you stand with me
Fuck you, i don't give a damn
what you sold me was god on fire
why cant you see it was trust that was killed in
this song tonight
I dont want to be alone
I can find somebody new
I dont need you to go on
this is my religion

I dont want to be alone
I can find somebody new
I dont need you to be strong
this is my religion

Took you away from your world

I dont want to be alone
I can find somebody new
I dont need you to go on
this is my religion

I dont want to be alone
I can find somebody new
I dont need you to be strong
this is my religion

Took you away from your world
I cant believe what you said
