This is the time to let them know whose side you're on  
Everything's fine no one got blamed here  
We had the time, set up to leave to go back home  
Back to our lives, I'll never, never let go

I wanna go up to outerspace  
No one but me  
Well I wanna go up to outerspace  
No one but me and you

So far away, we may become forgotten  
Take off today and leave this world  
We can't complain, suspended high above you  
Nothing's the same, nothing grows old

I wanna go up to outerspace  
No one but me  
Well I wanna go up to outerspace  
No one but me

Well carry me back to your little place  
No one but me  
Well I wanna go up to outerspace  
No one but me and you, and you

Trying to get back home  
Just trying to get back home  
Trying to get back home  
Just trying to get back home  
Oh I don't know  
Oh I don't know

Well I wanna go up to outerspace  
No one but me  
Well I wanna go up to outerspace  
No one but me

I wanna go up, I wanna go up  
I wanna go up, I wanna go up  
I don't wanna go up, I wanna go up  
I wanna go up to outerspace
