I gave my soul into this man
I thought god took me by the hand
built thirst in line for what's to be
I was so blind I couldn't see

Sit around for awhile until I'm old
I made them step into the cold
no one can stop what I've begun
cause something wicked this way comes

Something wicked this way comes (comes)
Something wicked this way comes

I dated every symphony
Blinded by love and misery
I can't erase the pain you've done

Now something wicked this way comes

Now something wicked this way comes (comes)
Now something wicked this way comes
Now something wicked this way comes (comes)
Something wicked this way comes
