Whatever you became  
Blame it on my fame  
I'm always away from you  
Sold my life for a song  
Whatever you killed  
The blood got on my face  
See it took over you  
And your minds nearly gone

And I can't change my ways  
Sorry it's my fault  
I wasn't there to see  
Whatever you became  
Whatever you became

Whatever you became  
You blame it on blind faith  
I can't turn away from you  
What's my life if your gone  
Whatever you feel  
I take it on my stage  
I sing to the world for you  
And I'm always alone

And I can't change my ways  
Sorry it's my fault  
I wasn't there to see  
Whatever you became  
Whatever you became

I can see it all  
You're so far away  
I can't take this anymore  
I can't live until I see your face

I can see it all  
You're so far away  
I can't take this anymore  
I can't live until I see your face

And I can't change my ways  
Sorry it's my fault

I wasn't there to see  
(Sorry it's my, sorry it's my)  
And I can't change my ways  
(And I can't change)  
Sorry it's my fault  
I wasn't there to see  
Whatever you became  
Whatever you became

Whatever you became  
(Somethings gone away)  
(You've taken this from me)  
Whatever you became  
(Until I see your face)  
(And I'm slipping away)
