You say you haven't changed but you're different
You say you're still the same but you're not
You say that time flies, you say that you forgot me
And all that I am now, see me

'Cause I know who you are, who you see
Who you wanna be, know what you think
What you like, what you don't
Know when you weep, when you sleep

When you're feeling free
Know what you want
What you need in me, me
And all that I am

You think you know it all but I'm sorry
You haven't seen half of it yet
You think that I shouldn't worry
Just remember I won't forget

Me and all that I am
Now see me

'Cause I know who you are, who you see
Who you wanna be, know what you think
What you like, what you don't
Know when you weep, when you sleep

When you're feeling free
Know what you want
What you need in me, me
And all that I am

Just think that you miss, when we kiss
Don't you wish that something like this
Should prosiest, I insist that all that I am
Is all you need

'Cause I know who you are, who you see
Who you wanna be, know what you think
What you like, what you don't
Know when you weep, when you sleep

When you're feeling free
Know what you want
What you need in me, me
And all that I am
