I'm tired of listening as you shout to me  
I know you want to argue but please hear me out, you  
see  
Suppose I don't love you no less than before  
However this can't go on anymore

It's not a way of living, it's a way to exist  
I guess we were close but there's long since we kissed  
Suppose that I want you as much as before  
However this can't go on anymore

Loved each other to sadness  
Don't know how it happened  
Loved each other to madness  
That's why this has to end

Guess we made a real mess  
What's the use to pretend?  
Loved each other to sadness  
That's why this has to end

I guess we're not talking as much as anymore  
A butterfly kiss as you walk out the door  
Suppose I don't need you no less than before  
However this can't go on anymore

Loved each other to sadness  
Don't know how it happened  
Loved each other to madness  
That's why this has to end

Guess we made a real mess  
What's the use to pretend?  
Loved each other to sadness  
That's why this

Loved each other to sadness  
Don't know how it happened  
Loved each other to madness  
That's why this has to end

Guess we made a real mess

What's the use to pretend?  
Loved each other to sadness  
That's why this has to end
