Thought it was easier than it was
to forget you and run away
To someone elses arms
Got lost somewhere about half the way
on the way down inside my mind
To find you

But there's too little time, too many feelings
Inside my head
They wanna get out thet wanna get home
Won't let you go this time

Figure I see you but you're not here,
it reminds me of times with you
Lying in my arms
I hear your voice but I don't know
where you are hiding or if you're near
I sense you

But there's too little time, too many feelings
Inside my head
They wanna get out thet wanna get home
Won't let you go this time

Thought I was clever
but now I know that I was not to let you go
To someone elses arms
I guess I'm sorry but how 'bout you,
are you happy or can you feel it too
I miss you

But there's too little time, too many feelings
Inside my head
They wanna get out thet wanna get home
Won't let you go this time

Too little time too many feelings
Inside my head
They wanna get out they wanna get home
Won't let you go this time
