Ooh Baby
Ooooooh

Ooh Ooh Ooh x3
Ooh
Yeah Yeah Yeah x3
Yeah

When i'm near you, with you, kiss you, feel you,
everything is right
When i bless you, touch you, sex you, love ooh girl
you're my whole life
It's like time is getting better
And you know i do adore
And a lifetime with you just ain't enough girl, oh i need
more

If i lose you,
Girl it wouldn't be the same, no it wouldn't be the same,
girl
I know you're scared we, we won't endure
But you can be sure

I'll be yours forever
You & me a classic and we'll always be together
Girl i'm here to tell you
That i'll be yours forever
On everything, i swear i care and
I'll be yours forever
Girl i'll be yours forever

When i met you, saw you, got your number, how was i
to know
You would steal my heart and hold it hostage,
Never letting go, never letting go
It's like time is getting better
And every path leads straight to you
You're my number one priority, girl it's true

If i lose you,
No it wouldn't be the same, no it wouldn't be the same,

no
I know you're scared we, we won't endure
But you can be sure

I'll be yours forever
You & me a classic and we'll always be together
Ooh i'm telling you yeah, to tell you
That i'll be yours forever
On everything, i swear i care and
I'll be yours forever
Girl i'll be yours forever

So thankful you're mine
This love feels so right,
You're so perfect in my eyes
And if i could, could tell the future
You would, you would be forever
In my life
My life, oh baby yeah

I'll be yours forever
You and me a classic and we'll always be together
Girl i'm telling you, to tell you
That i'll be yours forever
On everything, i swear i care and
I'll be yours forever
I'll be yours forever

I'll be yours forever
You and me a classic and we'll always be together
Together, to tell you
That i'll be yours forever
Girl i will be yours, yours
I'll be yours forever
Forever, forever yours
Forever, forever
Forever, oh forever
Oh yeah... I'm yours
