It's a too blue moon, we awoke too soon  
Wishing you were still here with me  
Kind of moonlight shining in the sky  
Just a little too bright tonight

I don't know why you'd say good-bye  
Things happen like that, I know they do  
But now for anything but thinking of you  
The moon is just a little too blue

I've got nothing to complain about  
It's a pretty nice night and I'm going out  
Where the music plays loud and sweet  
You know there's nothing really wrong with me

Now, it's just that there's  
A too blue moon, we awoke too soon  
Wishing you were still here with me  
Kind of moonlight, shining in the sky  
Just a little too bright tonight

I tell my friends that I'm over you  
They worry so, so, that's what I do  
And maybe some day, well, it may be so  
But for now me and your memory know

Oh, there's always  
A too blue moon, we awoke too soon  
Wishing you were still here with me  
Kind of moonlight, shining in the sky  
Just a little too bright tonight

I don't know why you'd say good-bye  
Things happen like that, I know they do  
But now for anything but thinking of you  
The moon is just a little too blue  
(Too blue)

For anything but thinking of you  
The moon is just a little too blue
