Bring it on back to me
Had you on my mind
Had to get you on the line
I'll admit I was a little afarid
I was...
Hoping that time
Would somehow change your mind
And make up for the mistakes I made
Couldn't stop
Thinking about you
Knew excatly what I had to do
I had to hear your voice and
I had to say...

Bring it on back
Bring it on back to me
Love walked away
And lost track of me
But I still hear your voice
And I still call your name
I know it could still be the same
If you bring in on back to me

Boy was I blind
My once in a lifetime
Angel of love
Show me mercy
Wanting you bad
Missing all we had
I just can't live without heaven
So please

Bring it on back
Bring it on back to me
Love walked away
And lost track of me
But I still hear your voice
And I still call your name
I know it could still be the same

If you bring in on back to me

I die with every emotion, every tear I cry

Oh and I cry for you baby

I swear I'll never stop hoping

Without us tell me what, will I do

Tell me what will I do

Bring it on back

Bring it on back to me

Love walked away

And lost track of me

But I still hear your voice

And I still call your name

I know it could still be the same

If you bring in on back to me
