The weather man says we can count on snow tonight  
The Hills will glisten in a blanket of white  
Down in this valley, in our little country home  
Where family has all gather in, there's a whole lot  
going on

It's Christmas, in the country, and everybody's home  
Can you believe another year has already come and  
gone  
Everybody's jolly the calms day's gone bye  
The stars shine round as heavens light  
It's Merry Christmas in the country tonight

The guest will hang the stockings by the fire place  
again  
Anticipating the surprises in there  
The gifts received and given; will fill the hearts with  
cheer  
Wish this Christmas Spirit could last throughout the  
year

It's Christmas, in the country, and everybody's home  
Can you believe another year has already come and  
gone  
Everybody's jolly the calms day's gone bye  
The stars shine down as heavens new light  
It's Merry Christmas in the country tonight

It's Christmas, in the country, and everybody's home  
Can you believe another year has already come and  
gone  
Everybody's jolly the calms day's gone bye  
The stars shine down as heaven new light  
It's Merry Christmas in the country tonight
