An honest sun pouring through my window
Dancing across my face
You're still asleep I watch you breathe
It's almost more than I can take
My hearts racing, in anticipation
Because I can't get enough, I can't get enough of this
feeling

I can't wait to love you; I can't wait to love you
With all of my body and soul, and I'm totally letting go
And I can't wait to love you; I can't wait to love you
I feel you pulling me in
And it's starting all over again, and I can't wait

The sound of waves crashing all around us
On the Santa Monica pier
You still are wet against the sunset; there is no better
place than here
Just want to hold you the way that you want me to
Because I can't get enough, I can't get enough of this
feeling

I can't wait to love you; I can't wait to love you

With all of my body and soul, I'm totally letting go
And I can't wait to love you; I can't wait to love you
I feel you pulling me in
And it's starting all over again, and I can't wait
I'm wrapped up in you, feeling your heart beat next to
mine
Baby it gets better all the time, yeah

I can't wait to love you; I can't wait to love you
With all of my body and soul, I'm totally letting go
And I can't wait to love you; I can't wait to love you
I feel you pulling me in
It's starting all over again, and I can't wait
And I can't wait, I can't wait, I can't wait
I can't wait to love you; I can't wait to love you

With all of my body and soul, I can't wait
