(Richard Marx/Gary Burr)

Sometimes I wonder why I end up alone  
Why I always choose to cut and run  
I want someone to love so tell me why  
I find a million ways to say goodbye

Hope springs eternal and it says to me  
Don't waste another chance so carelessly  
I've got lessons learned if nothing else  
So I'll make a solemn promise to myself that

If I fall in love tonight  
It's gonna be the start of forever  
When I face the end, I'll stand and fight  
With all my heart  
With all my might  
If I fall in love tonight

I don't need a drop of sympathy  
I chartered the course of my own destiny  
I know the right one might have passed me by  
But I'd be a bigger fool if I don't try and

If I fall in love tonight  
It's gonna be the start of forever  
When I face the end, I'll stand and fight  
With all my heart  
With all my might  
If I fall in love tonight

Next time it's gonna be different  
I won't close my eyes when love shines down on me

If I fall in love tonight  
It's gonna be the start of forever  
When I face the end, I'll stand and fight  
With all my heart  
With all my might  
If I fall in love tonight
