Snowflakes are falling, winter is calling  
Somehow right now I don't feel the cold  
The lights of the city are fading behind me  
I'm counting the minutes until I'm home  
Surrounded by my family and friends  
Oh, to celebrate the season again

This is the season of seasons  
When miracles happen and dreams come true  
A new beginning a spirit of giving  
Our favorite time of the year  
(Time of year)  
The season of season is here

A time to remember of being together  
A season of wonder and a time to believe  
Away from my worries no one's in a hurry  
Hearts are on fire and the world is at peace  
I can smile at some people I don't know  
Oh this feeling follows me where ever I go

This is a season of seasons  
When miracles happen and dreams come true  
A new beginning  
(A new beginning)  
A spirit of giving

(A spirit of giving)  
Our favorite time of the year  
(Of the year)  
The season of season is here

I feel the love, the hope, see the light  
The season has never shined so bright  
Shine so bright

This is the season of seasons  
When miracles happen and dreams come true  
A new beginning a spirit of giving  
Our favorite time of the year  
The season of season is here

This is the season of seasons  
When miracles happen and dreams come true  
A new beginning a spirit of giving  
Our favorite time of the year

The season of seasons is here  
The season of seasons is here  
The season of seasons is here
