(Brain McKnight/Brandon Barnes)

Funny when you stop and think
Time goes faster than you blink
Nothing's ever like it was

Boy we've got a special thing
And all the happiness it brings
Is more than enough

And I know it's hard to believe
You're still the biggest part of me
All I'm living for

I still think about you
I still dream about you
I still want you
And need you by my side

I'm still mad about you
All I ever wanted was you
You're still the one
You're still the one

It's hard to breathe when we're apart
You're like sunshine in my heart
I keep you here inside

You've been everything to me
You've been and always will be
The apple of my eye

I know it's hard to believe
You're still the biggest part of me
All I'm living for

I still think about you
I still dream about you
I still want you
And need you by my side

If you love me
Look into my eyes
And say you do
I've been waiting
All my life
For someone
Just like you

And baby after all we've been through
Boy I'm still in love with you
And I want you to know
I do, I do

I still think about you
I still dream about you
I still want you
And need you by my side
