Woke up this morning with you by my side
Thought I was dreamin' with my eyes wide open
I had to touch you and feel you near
Are you really here?

I plan to be the one who sticks around
Ooh, your love can lift me up above the clouds
I get so high when I'm with you
I may never come down

When forever starts, there's no stopping
No stopping, no stopping your heart
Like a river it just keeps on rolling
Till it fills you up to overflow and
There's no stopping, no stopping
No stopping your heart

When you touch me it's like paradise
Tropical islands and soft moonlight all night
It's almost like fallin' in love
For the very first time

When forever starts there's no stopping
No stopping, no stopping your heart
Like a river it just keeps on rollin'
Till it fills you up to overflow and
There's no stopping, no stopping
No stopping your heart

When you really found it
There's no doubt about it

There's no stopping, no stopping
No stopping your heart
Like a river it just keeps on rollin'
Till it fills you up to overflow and
There's no stopping, no stopping
No stopping your heart

Whoa, like a river it just keeps on rollin'
Till it fills you up to overflow and
There's no stopping, no stopping

No stopping your heart
