Kiss me goodbye  
This is harder than it has to be, did we even try  
And everytime you look at me  
Your eyes can see right through mine  
I'm lookin' at a memory, as it all goes by

Never again will I lie, oh baby  
So don't ask me why

Just kiss me goodbye  
Just one more time  
Baby you know we tried  
No more tears to be cried  
So just kiss me, just kiss me goodbye

It took longer than it had to take  
And I don't know why  
I need a little time to break  
So I won't let life pass me by  
Say everything we have to say  
There's no holding back  
You'll always have a part of me  
And I hope you can live with that

Never again will I lie, oh baby  
So don't ask me why

Just kiss me goodbye  
Just one more time  
Baby you know we tried  
No more tears to be cried  
So just kiss me, just kiss me goodbye

This was harder than it had to be  
But I guess we tried  
We'll always have the memory  
So come to me don't ask why

Just kiss me goodbye  
Just one more time

Baby you know we tried  
No more tears to be cried  
So just kiss me, just kiss me goodbye
