I heard you knocking on my front door  
I know what you wanted to say.  
I found the letter you left lying there  
I threw it away.

What do you take me for  
Some kind of stupid fool  
I never asked for much  
I only wanted you.  
Now I just wanna say, baby  
If this is goodbye  
Well, it's your turn to cry  
Next time  
Things will be different, baby  
Next time  
Everything is gonna change  
Next time  
Won't be so easy  
I swear to God there will never be a next time  
I'm not the person I was yesterday  
When I wanted you near  
There's a part of me that's gone away  
Now I see it so clear  
What do you want from me  
Do you take me for a fool?  
Don't wanna live a lie  
I only want the truth  
Now it's my turn to say baby  
If that's the way you treat a friend  
This is the end  
Next time  
Things will be different, baby  
Next time  
Everything is gonna change  
Next time  
Won't be so easy  
I swear to God there will never be a next time  
I finally figured it out  
What you're all about  
And I think it's a crime

I was wasting my time  
Yeah, yeah, yeah  
What do you take me for?  
Some kind of stupid fool  
There ain't no in between  
It's only win or lose  
Now I just gotta say baby  
I'm gonna find somebody new  
And it ain't you  
Chorus to fade
