This ain't no warning
This ain't no countdown
This is the real thing
This is the right now

It's thought provoking
It might sound crazy
But I'm not joking
Hear what I'm saying

Ain't no excuses
Ain't no rehearsals
Don't be so stupid
Don't be so hurtful

'Cause what you give out
You're sure to get back
It's gonna come 'round
Nothin' will change that

This is your real life goin' by
Every day and every night
This is your real life

Don't be a loser
Don't be mistaken
There is a truth here
That you're not facin'

Ain't no pretending
This is your one shot
And in the ending
It's all you got

This is your real life goin' by
Every day and every night
This is your real life

Look in the mirror
What do you see?
Is this how you pictured
Yourself to be?

Isn't it time to open your eyes?
Open your eyes?

This is your real life goin' by
Every day and every night
This is your real life goin' by
Every day and every night

This is your real life goin' by
Every day and every night
This is your real life goin' by
Every day and every night
This is your real life goin' by
