Can't compare our connection with
Anything that I've experienced or felt
If we give each other time and space
We can land in what we call harmony

You're in the air
You're in the air I breathe
You're inside me
You're beside me in all I do and all I am
You're in the air I breathe
Enlighten me with visions made of love
On an ordinary day I'll die in your arms

I've got nothing left to prove to you
Our conditions get the highest rate
Highest rate
It lies beyond
It lies beyond my view
You're inside me
You're beside me in all I do and all I am
You're in the air I breathe
Enlighten me with visions made of love
On an ordinary day I'll die in your arms

One mistake can hardly break us down
For eternity you're in the air I breathe
In the air I breathe
