

Coldcut "Animals"

Visit "[Animals](#)" on MotoLyrics.com

Animals we are,
Disposable
Collapsable and raw
In you go,
Into some crowded room
Animals that climb
I'm climbin' over you
Until you say
"Off you go, off you go"

Animal I am
Im lookin for an answer just like you
But I should know which way
I should turn

Animal that runs
I ran away from you
Because I'm scared
"Off you go, off you go"
(And you say)

If you're gonna go, go now
If you're gonna go, go now
I forgot to tell you how
If you gonna go, go now

Animal you are,
Disposable, defenceless,
Yes I'm
Watch your mouth,
Allways watch your mouth,

Animals that runs
I made up my excuses
To you
And I missed my chance
By a stone's throw

If you're gonna go, go now
If you're gonna go, go now
I forgot to tell you how

If you gonna go
Go now
Go now
Go now

Crumble,
Crumble and fall,
Crumble and fall,
Like an animal,

Crumble,
Crumble and fall,
Crumble and fall,
Like an animal,

Crumble,
Crumble and fall,
Crumble and fall,
Like an animal,

Crumble,
Crumble and fall,
Crumble and fall,
Like an animal,
