Stuck here, in the middle of nowhere
With a headache and a heavy heart
Well nothing was going quite right here
And I'm tired; I can't play my part

Come on come on, oh what a state I'm in
Come on come on, why won't it just sink in?
That help is just around the corner, for us

Oh my head just won't stop aching
And I'm sat here licking my wounds
And I'm shattered, but it really doesn't matter
'Cos my rescue is gonna be here soon

Come on come on, oh what a state I'm in
Come on come on, why won't it just sink in
That help is just around the corner, for us?

That help is just around the corner, for us?
Oh that help is just around the corner, for us?
