From the very start
it came apart
it broke up into pieces and
there was a chance and i missed it
It could risked it
and I put myself into your hands

Cause you're not just anyone
You're a ladder to the sun
oh you're not just anyone
You're a ladder to the sun

Performing Courses
Opposing forces
and all men are just mortals , and
So if you want me then you can have me
take me, oh baby grab me

Cause if you want me then you can have me
Cause you're not just anyone
You're a ladder to the sun
You're not just anyone
You're a ladder to the sun

Oh now boy what you been and done
you set a course that you couldn't run
oh now boy what you been and done

I had it all and I risked it
I had it all and I risked it all
And I risked it all
And I risked it all

A ladder to the
A Ladder to the sun
A ladder to the
A ladder to the sun

A ladder to the
A ladder to the sun
And I risked it all

A ladder to the
A ladder to the sun
