Could you, could you come back?
Come back together
Put yourself on the band
And see us forever

Could you, could you come home?
Come home forever
Sure there are things in the band?
Keep us together
Cos you're the one I love
You're the one I love
You're the one I love
Ahhhh, ahhhh.

Could you, could you come home?
Could you tell me whatever?
Tie yourself to a mast?
It's now or it's never

Could it tear us apart?
It'll soon be forever
It's gonna tear us apart
Keep us together

You're the one I love
You're the one I love
Ahhh ahhh
You're the one I love
(Yeah yeah you're the one)
(Oooooooooooooooooo x2)

You're the one I love
You're the one I love
You're the one I love
