And it was morning  
And I found myself  
Mourning for a childhood  
That I thought had disappeared

I looked out the window  
And I saw a magpie in the rainbow  
The rain had gone I'm not alone  
I turned to the mirror

I saw you, the child that once loved  
The child before they broke his heart  
Our heart, the heart  
That I believed was lost

Hey you, surprised?  
More than surprised  
To find the answers to the questions  
Were always in your own eyes

Do you realize  
That you give it on back to her?  
But that would only be retraced  
In all the problems that you ever knew, so untrue

For she's got to carry on  
With her life  
And you've got to carry on  
With yours

So I see it's me, I can do anything  
I'm still the child 'cos the only thing  
Misplaced was direction and I found direction  
There is no childhood's end

There is no childhood's end  
'Cos you are my childhood friend  
'Cos you are my childhood friend  
Oh, lead me on

Hey you, you've survived  
Now you've arrived

To be reborn in the shadow of the magpie  
Now you realize that you've got to get out of here

You've found the leading light of destiny  
Burning in the ashes of your memory  
You wanna change the world

You'd resigned yourself  
To die a broken rebel  
But that was looking backward  
Now you've found the light

You, the child that once loved  
The child before they broke his heart  
Our heart, the heart  
That I believed was lost

So it's me I see, I can do anything  
I'm still the child  
'Cos the only thing misplaced was direction  
And I found direction

There is no childhood's end  
There is no childhood's end  
There is no childhood's end  
I am your childhood friend  
Oh, lead me on
