"How Will You Go"

Escape is on your mind again
Escape to a far away land
Sometimes it seems there is no end
To long hard nights of drinking
How will you go
How will you go
Drive through the wind and the rain
Cover it up
Cover it up
I'll find you a shelter to sleep in
Fell over on the couch again
But you know not all sleep is wasted
Your dreams are alcohol inspired
I can't find a better way to face it
How will you go
How will you go
Drive through the wind and the rain
Cover it up
Cover it up
I'll find you a shelter to sleep in
And you know I'll be fine
Just don't ask me how it's going
Give me time, give me time
'Cause I want you to see
That the world, that the world
Is a tangled up necklace of pearls
How will you go
How will you go
Drive through the wind and the rain
Cover it up
Cover it up
I'll find you a shelter to sleep in
