Raise your eyes to England's skies
There's more up there than butterflies
Alice smile and ????
She's just about ready ???????
She doesn't matter want it to know (??)

The Hatter laughs his box aright
To the edition of the movie of the terminal night
So take Britannia by the hand
Waltz her through this problem land

Kiss the Apocalypse goodbye
Goodbye

I'll have the last waltz with you
We'll dance until the end
I'll have the last waltz with you
Until Midnight chimes again

Round and Round and Round and Round
We Go

I'll have the last waltz with you
We'll dance until the end
I'll have the last waltz with you
Until midnight chimes again

Round and Round we go
Round we go

Waves digest White cliffs of Dover
Blind man looks for a four-leaf clover
Peter Pan's showing his youth
The mortgage ??????????never never learn

The madcap laughs he knew the score
With all the pussycats(?) he fled the shore
Never to Return
