Here we are
At the beginning of the last century for man
Usin' up parts of the world we haven't even seen or
been to
The wretched of the earth exploited
by the rich few
What's new?

If you are not outraged
You haven't been paying attention
If you are not outraged
You haven't been listening

God bless America, I mean it
God bless the UK, I mean it
God bless la belle France, I mean it
And God help us all

Climb into the car
I know that makes you happy
The sound of your laughter
Will get you so far
Grace or disgrace
Can make you a star these days
Reality pays
Let's decide who the terrorists are

God bless America, I mean it
God bless the UK, I mean it
Hats off to China, and India
And Africa too.

Eat all we can
Drink all we can
Use all we can
Do what we can
Screw what we can
Don't miss a chance
In the last century for man

I wanna feel ALIVE

Gas up the 4 wheel drive!..

God bless America, I mean it

God bless the UK

God bless our children

And God help us all
