I wanted it til I got it
I wanted it til I got it
Believed in it til I saw it
I needed it til I had it
I guess I live to regret it
I dreamed of it til I got it
Believed in it til I saw it
I needed it til I had it
I wanted it til I got it
I wanted it til I got it
I wanted it til I got it
Believed in it til I saw it
I needed it til I had it
Then I wanted something else

I wanted to be free
I didn't last a week
There aint no pleasing me
That's how it's gonna be

Nothing fills the hole
Nothing fills the hole
Nothing fills the hole
