

Marillion "Under The Sun"

Visit "[Under The Sun](#)" on MotoLyrics.com

It used to rain
Dreary and gray
Most every day but not any more

We come out of our homes
And we lie down
Under the cloud that never comes

We roll in the radiation
And we make love
Under the sun
Under the sun

Under the sun
Under the sun

The polar ice is melting
It suits me fine
We go to the beach
On the Northern Line

We watch the sea
Comin' up the street
Under the sun
Under the sun

Under the sun
Under the sun

It used to rain
Dreary and gray
Most every day but not any more

We take off our clothes
We have some fun
Under the sun
Under the sun

Under the sun
Under the sun
Under the sun
Under the sun

Under the sun
Under the sun
Under the sun
