Bored and we can hang out I duhno man, do some

Some pool, aight dude  
721-3383 names Denis, Later

Sometimes I'll...I'll just bring  
Maybe an action figure or two you know  
Other times I'll bring my garlic spread  
You know the garlic spread  
Cuze the garlic spread's important  
And then you just walk around  
And people always come up  
And they're always saying  
What do ya got in your lunchbox?  
And for the most part it's usually my lunch  
You goddamn cunt!

I get so mad...  
But you know  
Sometimes I'll just (??)..  
I just...  
Scream!  
Hit it!

There's a devil in my lunchbox  
There's a devil in my lunchbox  
He's right over there next to the peanut butter and jelly  
sandwich  
And the banana  
That's right...

There is a devil, in my lunchbox  
There is a devil, in my lunchbox  
He's just hanging out by the peanut butter and jelly  
sandwich  
And the banana that sometimes you gotta bruise

Like one of them strippers at the peach tree lounge  
That's on power line road right next to the (??) by the 7-  
11

Devil in my lunchbox  
There's a devil in my lunchbox  
He's just hanging out by the peanut butter and jelly  
sandwich  
There is a devil there is a devil  
There is a devil in my lunchbox...

There is a devil in my lunchbox...  
Devil devil devil in my lunchbox  
Devil devil devil in my lunchbox  
Devil devil devil in my lunchbox  
Devil devil devil in my lunchbox  
Devil devil devil in my lunchbox  
Devil devil devil in my lunchbox
