Junk the Magic Dragon

Mellow yellow acid kiss
Warhol painted callio-trips
Spining, spining, spin again
Coke, tar, crystal methane thrill
Cash in dime for a ride
My brain like eggs is cracked and fried
Cash in dime for a ride
My brain like eggs is cracked and fried

Junk the magic dragon
Lives, in my pain
Junk the magic dragon, yeah
Love will always end, it ends in pain

Love is pain
Pain is love
My soul's got a love for dragon's blood

Bones are pulled so tight on skin
Like canvas tent poles or something
I need a smile on my lips
Oh, but it gives incentives

Cash in dime for a ride
My brain like eggs is cracked and fried
Cash in dime for a ride
My stone black jeans look just real fine

Junk the magic dragon
Lives, in my pain
Junk the magic dragon, yeah
Love will always end, it ends in pain

Love is pain
Pain is love
My soul's got a love for dragon's blood
