Suicide Snowman

If I had time to kill the world I'd try  
Oh no, but I'm busy, killing me

I don't have time to build a suicide  
Because the snowman melts in spring  
The striped girls will not be coming back  
In the summer  
They run from me  
May!

I don't have time to even say good-bye  
We are dying, as winter leaves  
Spring!

Snow melts in my lawn and I am free, yeah  
Corn cob pipe and a button, nose, yeah

Puddled in the grass two lumps of coal  
Snow melts in my lawn and I am...  
If I had time to kill the world I'd try  
But I'm busy killing what's in me  
I don't have time to even say good-bye  
We are dying as winter leaves  
Spring!

Snow melts in my lawn and I am free, yeah  
Corn cob pipe and a button, nose, yeah  
Spring!  
Spring!  
Spring!  
Spring!  
Spring!  
Spring!  
Spring!  
Spring!
