The boy's got a head like an atom bomb
Hang him from a cross like a number one son
And he's been waiting so long
To get it on

The boy's 15 but he's 16 gauge
Want to get out from his Jesus cage
He's already torn out the last page
It's the latest rage

Violence for the people
They always eat the hand that bleed
Violence for the people
Give the kids what they need

Kill your God
Kill your God
Kill your TV

Boy's purified by the quitter Gods
Burning up his cross like a revelation
And his glass jaw opens
Like a puppet head

Violence for the people
They always eat the hand that bleed
Violence for the people
Give the kids what they need

Kill your God
Kill your God
Kill your TV

This is what you should fear
You are what you should fear
This is what you should fear
You are what you should fear

This is what you should fear
You are what you should fear
This is what you should fear
You are what you should fear

This is what you should fear
You are what you should fear
This is what you should fear

Violence for the people
They always eat the hand that bleed
Violence for the people
Give the kids what they

Violence for the people
They always eat the hand that bleed
Violence for the people
Give the kids what they need

Kill your God, kill your TV
Kill your God, kill your TV
Kill your God, kill your TV
Kill your God, kill your TV
