She's got here eyes open wide  
She's got the dotten spit of the world  
Her mouth on the metal  
Lips of a scared little girl  
I got a angel in the lobby  
He's waiting to put me in line  
I won't ask forgiveness  
My faith has gone dry  
Shes got christing prescriptors  
And death has crawled in her ear  
I kill the faith of the music with songs that  
She shouldn't hear  
And it spins around  
One two three  
And the we all lay down  
Four five six  
Some do it fast and some do it better in smaller  
amounts  
And it turns around  
One two three  
And we all lay down  
Four five six  
Some do it fast and some do it better in smaller  
amounts
