re-write the constitution
it says define a revolution
the end is here
if you're a part of the institution
you're not a part of the resolution
bow down to fear

[oi, oi]
i am the president
[oi, oi]
we own the world
[oi, oi]
i am the king of the world

the only good god is a dead god
the only god good for me
the only good god is a dead god, baby
the only damn god i need

dont draw your own conclusion
submit to the grand illusion
get on your knees
there will be no absolution
no final step of evolution
the end is near

[oi, oi]
i am the president
[oi, oi]
we own the world
[oi, oi]
i am the king of the world

the only good god is a dead god
the only god good for me
the only good god is a dead god, baby

the only damn god i need

the only good god is a dead god
the only god good for me
the only good god is a dead god, baby

the only damn god i need

your world means nothing to me
you say what you think
stand on your kings
and when you're all done with me fulfill your own
prophecy
gnaw skin off my teeth

the only good god is a dead god
the only god good for me
the only good god is a dead god, baby
the only damn god i need

the only good god is a dead god
the only god good for me
the only good god is a dead god, baby
the only fuckin god i need

i killed your king of deciet
chaos, come onto me, i am free
and when you're all done with me
consumed by your own fucking greed
you'll see
