I'll swallow up all of you like a big bottle of big, big pills
You're the one that I should never take
But I can't sleep until I devour you
I can't sleep until I devour you

You're a flower that's withering
I can't feel your thorns in my head
This is no impressionability

You're not crying, this is blood all over me
You're not crying, this is blood all over me
You're not crying, this is blood all over me

And I'll love you if you let me
And I'll love you if you won't make me starve

I used to hold your heart to neck
I know I'll miss you if I close my eyes
But this is loaded with an open film
I'll see you and I'll blow your heart to pieces
I will blow your heart to pieces
I will blow your heart to pieces
I will blow your heart to pieces

And I'll love you if you let me
And I'll love you if you won't make me starve

Oh, oh, oh, oh
Oh, oh, oh, oh
Oh, oh, oh, oh
Oh, oh, oh, oh

My pain's not ashamed to repeat itself
Pain's not ashamed to repeat itself
Pain's not ashamed to repeat itself
Pain's not ashamed to repeat itself

I can't sleep until I devour you
I can't sleep until I devour you
I can't sleep until I devour you
I can't sleep until I devour you
I can't sleep until I devour you

And I'll love you if you let me
And I'll love you if you won't make me starve
