And I could look into the
crowded morgue of mistakes
the sun stopped its smile
and frowned on me too
my re-built/re-mastered heart
is smashed into its faces
and its face is confused
I cut my throat in two
I said "œsorry" to you,
for being a fool
but I didn't want forgiveness.
It was regret,
not an apology
it was regret
regret
regret

Disengaged
you're with me, against me
but the only thing forever is hate
I forget what i saw
before and after that day
I'd trade all I was worth
to make myself into
the handsomest gun
and put the diamond bullet
into your
404 ERROR face

you're with me, against me
but the only thing forever is hate
and I'm in an event,
and everybody knows
you decide if you can live,
or you decide to let someone
decide for you
