Some men need some killer weed,  
Some need cocaine.  
Some men need some cactus juice,  
To purify their brain.

Some men need two women,  
Some need alcohol.  
Everybody needs a little something,  
But lord I need it all.

To get my rocks off,  
Get my rocks off.  
Get my rocks off that mountain and roll 'em on down  
the hill.

I may do ya one time,  
And I may do ya more.  
And I may turn into something,  
That you ain't ready for.

I might want your body,  
And I might want your bread.

And I might want your mama,  
To come visit me instead.

And get my rocks off,  
Get my rocks off that mountain and roll 'em on down  
the hill.

Sometimes I dream of chicks,  
To bring me everlasting joy.  
Sometimes I dream of animals,  
Sometimes I dream of boys.  
Sometimes I kill the living,  
Sometimes I raise the dead.  
Sometimes I say just screw/fuck it all  
and crawl back in to bed.

And get my rocks off,  
Get my rocks of that mountain and roll 'em down the  
hill
