She reminds me of the one in school
When I was cuttin'
She was dressed in white
And I couldn't take my eyes off her
But that's not what I took off that night

She'll never cover up what we did with her dress, no
She said kiss me
It'll heal
But it won't forget
Kiss me
It'll heal
But it won't forget

And I don't mind you keepin' me
On pins and needles
If I could stick to you
And you stick me too

Don't break
Don't break my heart
And I won't break your heart-shaped glasses
Little girl, little girl
You should close your eyes
That blue is getting me high

Don't break
Don't break my heart
And I won't break your heart-shaped glasses
Little girl, little girl
You should close your eyes
That blue is getting me high
And making me low
That blue is getting me high
And making me low

She reminds me of a one I knew
That cut up the negatives of my life
I couldn't take my hands off her
She wouldn't let me be anywhere but inside

And I don't mind you keepin' me
On pins and needles
If I could stick to you

And you stick me too

Just don't break
Don't break my heart
And I won't break your heart-shaped glasses
Little girl, little girl
You should close your eyes
That blue is getting me high

Don't break
Don't break my heart
And I won't break your heart-shaped glasses
Little girl, little girl
You should close your eyes
That blue is getting me high
And making me low

She'll never cover up what we did with her dress, no
She said kiss me
It'll heal
But it won't forget
Kiss me
It'll heal
But it won't forget

I don't mind you keepin' me
On pins and needles
If I could stick to you
And you stick me too

Don't break
Don't break my heart
And I I won't break your heart-shaped glasses
Little girl, little girl
You should close your eyes
That blue is getting me high

Don't break
Don't break my heart
And I I won't break your heart-shaped glasses
Little girl, little girl
You should close your eyes
That blue is getting me high
And making me low
