He lives inside my mouth and tells me what to say
When he turns the trains on he makes it go away
The hands are cracked and dirty and the nails are beetle wings
When he turns on the trains he unites all the strings.

THE WORM:

Tell me something beautiful
Tell me something free
Tell me something beautiful
And i wish that i could be

Then i got my wings and i never even knew it
When i was a worm thought i couldn't get through it

Jack:

Come, come

The toys all smell like children and the scab-knees will obey
I'll have to kneel on broomsticks just to make it go away

Then i got my wings and i never even knew it
When i was a worm thought i couldn't get through it.

A voice we have not yet heard
Because today is black
Because there is no turning back
Because your lies have watered me
I have become the strongest weed

Because today is black
Because there is no turning back
Because your lies have watered me
I have become the strongest weed, weed

The taste of metal
Disintegrator
Three holes upon the leather belt
It's cut and swollen

The age is showing
There's no one here to save ourself

This is what you should fear
You are what you should fear
This is what you should fear
You are what you should fear
This is what you should fear
You are what you should fear
This is what you should fear
You are what you should fear
This is what you should fear
You are what you should fear
This is what you should fear
You are what you should fear
